

ORIX USA

Growth Capital Overview

Customized equity and debt solutions

ORIX CORPORATION USA's GROWTH CAPITAL business is a leading growth lending platform that provides flexible debt capital to valuable, high-growth businesses primarily in the technology and healthcare sectors in the U.S. and Canada.

Since 2001, Growth Capital has funded approximately \$2.7 billion to 198 companies. Growth Capital is an enterprise value focused lender and provides customized and flexible debt facilities to growth-stage companies that are under-served by traditional lenders. The team is backed by the stable, long-term, and global sponsorship of ORIX Corporation, a publicly traded company with more than \$106 billion in balance sheet assets as of September 2023.

Our significant capital base allows us to support our portfolio companies with additional capital over time. We seek to take a win-win partnership approach with our portfolio companies and equity partners to help them achieve their exit goals, developing lasting relationships with management teams, investors, and influencers in the venture ecosystem.

Capital Solutions

Growth lending can generally provide flexible capital with less dilution and a lower cost of capital than equity. Growth lending may also fund companies to profitability, bridge to future equity rounds at higher valuations, finance acquisitions, and bolster or recapitalize the balance sheet. Importantly, we bring the same level of attention, enthusiasm, and creativity to every transaction—no matter the size.

Investment Types

Revolvers, first lien unitranche term loans, second lien term loans, and delayed draw term loans

Investment Size

\$5 million to \$100 million initial target investment with ability to scale thereafter⁽¹⁾

Investment Terms

We offer a variety of debt structures that can be modified over time. Deals typically including extended interest-only periods, flexible amortization schedules, and delayed draw capabilities with maturities between 3 to 5 years
